

WHAT TO EXPECT AT A

VENUE

SHOW

WHO ARE WE?

**We are a queer punk band from
Salt Lake City, Utah! Our
inspirations include the likes of
Rage Against the Machine,
Bikini Kill, My Chemical
Romance, and more.**

**If you've never seen us play,
here are a few things to expect:**

1. COSTUMES

Venus is ALLLL about dressing up. We like to pick a theme to center our stage outfits around, but you can wear whatever! We'll drop hints about our theme ahead of time if you want to match us, but please feel free to dress up or not dress up as you would like.

All we're saying is that life is too short to only wear that Halloween costume once.

2. FUN!

We want everyone to feel welcome and comfortable at a Venus show so that we can get down to the important thing: having a good time.

Punk is about expressing yourself and having a community to support you in doing so. Don't forget that at the end of the day, the enemy wants you to be miserable. The best way to fight back is to grab what brings you joy with both hands.

3. ART

**IF YOU MAKE COOL ART, WE WANT TO
KNOW ABOUT IT.**

**We love collaborating with other cool
artists and helping connect like-minded
people who want to do cool things.**

**Please let us know what kind of stuff
you like to do!! You never know what
kind of opportunities are waiting all
around you.**

4. COMMUNITY

We want to help cultivate and become a space for people to hang out, help each other, and get to know what kind of amazing things are already going on right under their noses!

This happens because of YOU GUYS. YOU are the cool people already doing cool things. The music scene belongs to the people. Punk rock is whatever you make it.

**So whether it will be your first ever concert,
or you're a seasoned punk veteran, we
hope to see you at our next show! Please
come talk to us and introduce yourself. Tell
us your favorite band, your favorite ice
cream flavor, your dog's middle name.
We'll see you there.**

Sincerely,

VENUS DEATH TRAP
